

Student Assignment Brief

This document is intended for Coventry University Group students for their own use in completing their assessed work for this module. It must not be passed to third parties or posted on any website. If you require this document in an alternative format, please contact your Module Leader.

Contents:

- [Assignment Information](#)
- [Assignment Task](#)
- [Marking and Feedback](#)
- [Assessed Module Learning Outcomes](#)
- [Assignment Support and Academic Integrity](#)
- [Assessment Marking Criteria](#)

The work you submit for this assignment must be your own independent work, or in the case of a group assignment your own groups' work. More information is available in the '[Assignment Task](#)' section of this assignment brief.

Assignment Information

Module Name: Contract Management

Module Code: 7060MAA

Assignment Title: Individual Narrated (Recorded) Presentation CW1

Assignment Due: 07/4/2025 by 6pm (UK Time)

Assignment Credit: 5 Credits

Word Count (or equivalent): 5 Slides

Assignment Type: Resit (R2)

Percentage Grade (Applied Core Assessment). You will be provided with an overall grade between 0% and 100%. You have one opportunity to pass the assignment at or above 40%.

Assignment Task

You are part of a team that has been asked to procure a range of injection moulded components to be used the assembly of domestic Gas Meters.

There are 4 different components required in the following volumes.

- Component A – 5000 per week
- Component B – 5000 per week
- Component C – 10000 per week
- Component D – 20000 per week.

The company works 46 weeks per year and would expect twice weekly deliveries to line based on a Kanban system.

As part of the procurement you need to include the purchasing of the tooling for each component and ownership of the tooling must be with the purchasing company not the supplier.

You need to create of a 5-slide narrated (recorded) PowerPoint presentation addressing the questions below, each slide should include citations of any tools and / or sources used to develop the presentation. A reference slide should be included as your last slide but this is NOT part of the 5 slides used to complete your answer.

To meeting the requirements and learning objectives you will need to complete the following:

- 1.0 Determine the key success factors for this procurement and provide justification for each one.
- 2.0 Determined the key legal elements the procurement process and contract must include detailing why.
- 3.0 Detail and justify the type of contract that would be awarded.
- 4.0 Show the tendering process including any due diligence along with the key areas to be included in the tender documents.
- 5.0 Develop and justify the supplier selection process including the methodology and selection criteria.

Any sources of information used should be cited and a reference slide provided (Please AI requirements below).

Your presentation should include the following:

Element	Marks %
Key Success Factors	10%
Key Legal Elements	20%
Contract Strategy / Type	20%
Tendering process & Due Diligence	20%
Supplier Selection	20%
Presentation Quality & Referencing	10%
Total	100%

Submission Instructions:

Your PowerPoint presentation will be submitted via Aula / Turnitin

The format of your presentation MUST be in a MS PowerPoint and include narration on each slide, any other format is an automatic failure.

Use of AI.

This assessment is rated as AMBER for the use of AI, the specific information on the accepted use of AI is list below.

Inspiration: using AI tools to generate research questions, prompts (including reflective and creative prompts), search terms, key words, or means of inspiring ideas, such as: images, sounds, short pieces of music, short pieces of text, or quotations.

Sources and data collection: using AI tools to search, generate, or suggest sources, or to generate quizzes, polls, or questionnaires to use or adapt for data collection.

NOT to be used for the creation of data.

Analysis: using AI tools to analyse anonymised data (qualitative or quantitative), to find themes, patterns, or motifs in the work of others, or to generate prompts for analysis.

Translation: using AI tools to translate small sections of your written or recorded work into the language(s) used in an assignment.

Checking: using AI tools to proofread or check work, to generate prompts for proofreading or checking work, or to suggest improvements and feedback on work.

The following uses of AI are not to be used, Planning & Management, Summarising and consolidating notes and sources, composing, presentation. Definitions of these terms are available on the student portal.

Acknowledgement of the use of AI.

It is your responsibility when submitting assessments to make it clear when you have used AI, ensuring it is appropriately acknowledged/referenced.

You must check the validity of your data sources and traceability of the references.

You should provide table as an appendix detailing:-

- AI Tool Used
- How it was used in the writing of the report.
- Where in the report it was used.

Recording Keeping

It is your responsibility to keep a record of how your thinking has developed as you progress through to submission. Appropriate evidence could include: version controlled documents, developmental sketchbooks, or journals. This evidence can be called upon if we suspect academic misconduct.

Development of Skills and Attributes

The Graduate Attributes being developed in this assessment are:

- communicate effectively by working in a group to make key choices around the procurement process and the delivery of a final presentation including answering questions.
- act with integrity; by working effectively as a team member.
- adapt approach; by reaching consensus on how to deliver a solution as a group.
- think creatively; by researching and delivering an effective solution to a real-world problem.
- get things done. By delivering your element of the project on time and that enable other team members to work effectively.

Marking and Feedback

How will my assignment be marked?

Your assignment will be marked the module team in pairs during the delivery of the presentation.

How will I receive my grades and feedback?

Provisional marks will be released once internally.

Feedback will be provided via documents uploaded into Moodle.

Your provisional marks and feedback should be available within 10 working days after the final presentation is delivered by the cohort.

What will I be marked against?

Details of the marking criteria for this task can be found at the [bottom of this assignment brief](#).

Assessed Module Learning Outcomes

The Learning Outcomes for this module align to the [marking criteria](#) which can be found at the end of this brief. Ensure you understand the marking criteria to ensure successful achievement of the assessment task. The following module learning outcomes are assessed in this task:

1. Critically appraise the process for identification, short-listing, assessment and selecting of a suitable contractor for different phases of a project. LO1.
2. Evaluate appropriate contract strategy given the nature of a specific project and the strengths/weaknesses of the client organisation. LO2.
3. Assess pricing and payment strategies to ensure control over quality, cost and time when contracting for the supply of goods and/or services to the project. LO3

Assignment Support and Academic Integrity

If you have any questions about this assignment please see the [Student Guidance on Coursework](#) for more information.

Spelling, Punctuation, and Grammar:

You are expected to use effective, accurate, and appropriate language within this assessment task.

Academic Integrity:

The work you submit must be your own, or in the case of groupwork, that of your group. All sources of information need to be acknowledged and attributed; therefore, you must provide references for all sources of information and acknowledge any tools used in the production of your work, including Artificial Intelligence (AI). We use detection software and make routine checks for evidence of academic misconduct.

Definitions of academic misconduct, including plagiarism, self-plagiarism, and collusion can be found [on the Student Portal](#). All cases of suspected academic misconduct are referred for investigation, the outcomes of which can have profound consequences to your studies. For more information on academic integrity please visit the [Academic and Research Integrity](#) section of the Student Portal.

Support for Students with Disabilities or Additional Needs:

If you have a disability, long-term health condition, specific learning difference, mental health diagnosis or symptoms and have discussed your support needs with health and wellbeing you may be able to access support that will help with your studies.

If you feel you may benefit from additional support, but have not disclosed a disability to the University, or have disclosed but are yet to discuss your support needs it is important to let us know so we can provide the right support for your circumstances. Visit [the Student Portal](#) to find out more.

Unable to Submit on Time?

The University wants you to do your best. However, we know that sometimes events happen which mean that you cannot submit your assessment by the deadline or sit a scheduled exam. If you think this might be the case, guidance on understanding what counts as an extenuating circumstance, and how to apply is [available on the Student Portal](#).
